Agata Adamczyk & Associates Law Firm has been providing legal services to Gergonne Polska Sp. z o.o. since February 2010.

During this period the Law Firm has provided the following services to our company.

- preparation of drafts of cooperation agreements within the capital group, including tax issues,
- preparation of corporate documents related to the restructuring of the capital group (acquisition of an organized part of an enterprise) as well as registration of the transaction in the relevant registers,
- every day legal advice related to the labor law,

During this period of cooperation, Attorney-at-law Ms Agata Adamczyk and her associates have demonstrated outstanding competence, knowledge and experience. They are devoted to their clients and consistently put the clients' interest first. We have come to depend on their punctual and clear advice as well as on the efficient representation before the relevant authorities.

We have found Ms Agata Adamczyk to be a highly-qualified and reliable lawyer who in addition and as an added advantage for international companies speaks fluent English and French. The Associates of the Law Firm also have a very good command of foreign languages, which obviously facilitates the cooperation and communication with them and allows them to assist clients in negotiations with foreign business partners.

The immediate availability and short response time of the Agata Adamczyk & Associates Law Firm are also valued aspects of our dealings with them.

On the basis of our experience Gergonne Polska Sp. z o.o. does not hesitate to give its full recommendation to Agata Adamczyk & Associates Law Firm in the area of business law services for Polish and foreign Clients.
