## **To whom it may concern**

We have used the services of Agata Adamczyk & Associates in resolving the failure of a supplier to meet their contractual obligations to us and their issuance of a European Court Order.

Ms Adamczyk, gave clear advice of the options available to us and guidance as to the best course of action to take which resulted in a much better outcome that we expected.

Throughout the process all of our communications received an immediate response and we were kept advised of progress, in perfect English.

We would have no hesitation in recommending Agata Adamczyk & Associates to any international organisation seeking highly competent, professional legal and business counsel, and would indeed use them in the further development of our business.
